

Europe's #1
in digital learning

International Pavilion

LEARNTEC provides a unique, hands-on opportunity to sample the latest products, trends and learning-ideas.

The **LEARNTEC** is the leading International Trade Fair and Convention in digital learning which will take place from 29th – 31st January 2019 at Karlsruhe Trade Fair Centre.

E-learning is no longer just a trend. It is now an integral component of integrated educational concepts. More and more companies emphasize on technology-based learning. This tendency is also confirmed by the constantly increasing number of exhibitors. This also shows e-learning is stronger than ever before.

The **LEARNTEC** is a home to this market. The exhibition is the most important international platform for IT supported learning. Over 25 years of competence in content and IT speaks for itself.

Therefore the **LEARNTEC** is the meeting point for the e-learning and professional education industry. In 2019 the key players of this sector get together again at the 27th **LEARNTEC** in Karlsruhe.
